The Shoalhaven Coast wine growing region has flourished immensely over the past 20 years. The region stretches the length of the Shoalhaven region from Gerringong just North of Berry through to Bawley Point just south of Ulladulla and west to Kangaroo Valley.

On your drive to the vineyards you will go through luscious green valleys and overlook some of the country's most pristine beaches. As the vineyards are fairly small and intimate you will have the unique experience of meeting vigneron and wine makers at the cellar doors.

In this guide we have included information on the local wineries, and an itinerary and map to the listed wineries so that you can make an easy day trip out of visiting as many or as few of these superb local vineyards. While you are out and about you may like to enjoy lunch at one of the vineyards (not all have restaurants) or in one of the cafes in the villages that you will drive through.

For more information about the area the Tourist Information Centre located at the Corner of the Princes Highway & Pleasant Way Nowra is open 9am—5pm 7 days a week.
